 Shipping/Postage **TBD**
Exact amount is added after packing your order.

Shipping Charges:

Actual shipping charge is based on weight and distanced. Once your order is packed and weighed, the postage cost is calculated by the Postal Service and is added to your order. This shipping charge is a straight pass-through and no additional "handling charges" are added. If paying by check, add 10% for shipping. Excess will be refunded. CVP pays for all shipping insurance for orders over \$50.

If you wish to track your package, please provide a valid email address. You will receive an email from the postal service with the tracking number.
