### EASYDCC Starter Systems (see note 2)

<b>Basic Starter System</b> (suitable for two operators)	BSS	\$ 279		7
Consists of Command Station, CS2 transformer, Operation Manual, ZoneMaster-Single, ZoneMaster Power Supply (DCPS120) and one 7ft modular cable. You supply decoders (any brand will work). Provides two fixed cabs - ready for later expansion.				
<b>Expanded Starter System</b> (see note 2)	ESS	\$ 429		10
Consists of one Command Station, CS2 transformer, Operation Manual, ZoneMaster-Single, ZoneMaster Power Supply (DCPS120), one XR1300 Throttle, one Extender, one 12VT Extender Transformer, one Fascia Plate kit, and two 7ft modular cables. You supply decoders (any brand will work). Provides 2 fixed cabs and 1 walk-around throttle.				
<b>Wireless Starter System</b> (see note 1, 2,3)	WSS	\$ 529		10
Consists of Command Station, CS2 transformer, Operation Manual, ZoneMaster-Single, ZoneMaster Power Supply (DCPS120), one RX904PE Wireless Receiver, ONE RX904 transformer, one RF1300 wireless throttle and two 7ft modular cables. You supply decoders (any brand will work). Provides 2 fixed cabs and one wireless throttle.				
<b>Basic Starter System Without CS2B transformer</b> ***	BSS-NT	\$ 275	for international use	5
<b>Expanded Starter System Without CS2B and 12VT transformers</b> ***	ESS-NT	\$ 417	for international use	7

### ZoneMaster Boosters and Power Supplies

ZoneMaster-Single	SZB7	\$79.95	<i>new!</i>	2
ZoneMaster-Single with Autoreverse	SZB7-AR	\$89.95	<i>new!</i>	2
ZoneMaster-Dual	DZB7	\$149.95	<i>new!</i>	2
ZoneMaster Power Supply 120Watts Universal Input	DCPS120	\$55.00	<i>new!</i>	2
ZoneShare With Chassis	ZS4E	\$179.95	<i>new!</i>	2
ZoneShare Without Chassis	ZS4X	\$129.95	<i>new!</i>	2

### WIRELESS THROTTLE AND RECEIVER [available only in USA, Canada, Japan - see note 1]

Wireless Throttle	RF1300-4	\$159		1
Wireless Throttle	T9000E	\$219		
Receiver for wireless throttle (Services ID 1 to 8)	RX904G1	\$ 99		
Receiver for wireless throttle (Services ID 9 to 16)	RX904G2	\$ 99		1

### PLUG-IN THROTTLES

	1	2-9	
XR1300-4 Throttle, complete ready to use	\$89.00	\$79.50	0.5

### THROTTLE EXTENDER & TRANSFORMER\*

Throttle Extender with 7ft modular cable	EDXA	\$ 49.00		1
12VAC 1.5A plug in transformer **	12VT	\$ 10.00		2

### FASCIA PLATES AND ACCESSORIES

			Kit	
Complete fascia plate, board and connectors	EDFA	\$ 15	EDFK	\$ 12.00 0.5
Fascia plate alone (no connectors or pcb)	EDFP	\$ 6		0.25
Coaxial cable by the foot (12 inches=1 ft)	RG59	50 cents/ft		call
Coaxial pcb mount jack (for fascia plates)	JACK	\$ 0.50		0.1
Twist on coax connector	PLUG	\$ 0.80		0.1

### ACCESSORY DECODERS ASSEMBLED & TESTED (note 4)

	1-5	6 and up	
AD4MC Medium current for LGB, KATO machines	\$ 35	\$ 30	0.5
AD4HC High current for twin-coil solenoid machines	\$ 41	\$ 35	0.5
22/44 pin edge card connector (Mouser 15PC005)	\$ 7	\$6	0.3

### MODULAR CABLE

	Price	
6 conductor 7 foot cable with plugs each end (telco style)	MOD7	\$ 3.50 0.3
6C modular cable custom length w/plugs	CMOD6	\$ 3.00 for plugs plus 25 cents per foot call
6 conductor bulk cable without plugs	MODCABLE	35 cents per foot call

### OTHER STUFF

	Price	
Package of four 18V bulbs rated @ 26mA	BULBPAK	\$ 4.00 0.1
EasyDCC Printed and Bound Manual	Manual	\$ 20.00 2
Command Station replacement transformer 12VAC/200mA	CS2TX	\$ 9.00

Note 1: The transmitter frequency is between 902MHz and 928MHz and is valid only in North/South America, Canada and Japan. Wireless units are not for sale except to these countries.

Note 2: ZomeMaster-Dual may be swapped for the ZoneMaster-Single in any starter system for an additional \$70

Note 3: RF1300 may be swapped for T9000E in the WSS for an additional \$60.00

Note 4: Accessory decoders may be mixed and matched to meet quantity discount minimums

\*\*\* CS requires 12VAC @200mA 50/60Hz, Extender requires 12VAC @ 1A 50/60Hz
